2022-TSFO-00098	12/27/2021	(b)(6)	On April 17, 2021 at approximately 14:00 I was flying out of KDCA and a firearm was packed within my luggage. During the luggage screening process I was informed that there was concern regarding the manner in which the firearm and its ammunition were secured. I spoke with both the STSO on duty as well as officers from the airport police unit who ultimately determined that no crime was committed and no problem existed that would merit detaining me or subjecting my luggage to further search or delay. I was advised to proceed to my departure gate and my luggage arrived at KSEA without incident. Ever since that journey, I have been denied TSA PreCheck status while flying. On September 20th, 2021 I received correspondence from the TSA's Security Threat Assessment Division, informing me "records indicate that [I] committed certain violations of TSA Security Regulations" and this was the reason for my denial of PreCheck status while flying. I am requesting that a copy of all records, documents, and information concerning my travel screening process and TSA/police interaction on April 17th, 2021 as well as all documents and information generated or reviewed by (b)(6) during her correspondence with me concerning my "certain violations" of TSA Security Regulations.

2022-TSFO-00218	1/5/2022	(b)(6)	<p>Stafford Sheriff's Office is investigating a crime that occurred in Stafford Virginia. Evidence through the course of the investigation identified a cell phone that was likely in possession of the suspect during the course of the crime. Upon receipt of cell phone records, it was found that the subject in possession of this phone had taken a round trip from Ronald Reagan National Airport and possibly arrived at Los Angeles International Airport on July 20, and the phone arrived back at Ronald Reagan National Airport on July 21. Phone records show calls that limit the time frame of the possible flights and are as follows: July 20, 2021 a phone call was made by my suspect in the area of Ronald Reagan Airport at 0816AM EST. The next phone call made was at 1038AM PST in the area of Los Angeles International Airport. July 21, 2021 a phone call was made by my suspect in the area of Ronald Reagan Airport at 0319PM EST. At this point the phone was back on the east coast and likely some time after arrival as the phone is still in the area of the airport. Using these time constraints, I am attempting to identify an individual that was present on both flights to assist in my criminal investigation through the Stafford County Sheriff's Office in Stafford VA.</p>

2022-TSFO-00246	1/11/2022	(b)(6)	All written reports for incident below. On September 24, 2021, I was on a Southwest flight from PHX to OAK. I was traveling with my off-duty firearm in my checked baggage. When checking in at the Southwest ticket counter (terminal 4), I advise the Southwest ticket agent (who was female), that I had a secured firearm in my check baggage. She asked me "does it already have a red label stickered on the case"? I said "yes". She said "your fine". (This was not the first time I traveled with a checked firearm and was taken back by her nonchalant answer. I know airports are not consistent with the checked firearm policy. For instance, Oakland airport (OAK), tells you to stand by a door for 10-15 minutes and if no one comes out, your free to go to the gate.) Anyway, the PHX ticket agent issued my boarding pass, tagged my check bag and then put on the baggage belt. I preceded through TSA and arrived at my gate. While at the gate, the gate agent paged my name. Two Phoenix police officers ask me "if I declared my firearm in my check baggage". I told them "absolutely, I'm a law enforcement officer and I declared my checked firearm with the Southwest ticket agent". While still at the gate with Phoenix police, a TSA officer joined us with my checked bag in hand. We all preceded back downstairs to the T4 lobby oversized pod (near Southwest ticket counter). Several TSA agents and Phoenix Police opened and inspected my firearm. The firearm was properly locked in a metal case, unloaded, and had a tie wrap through the magazine chamber and firing chamber for added safety. The locked metal case had a red TSA declared sticker on the outside. They finished their inspection, had me fill out another declared sticker, took my personal information and allowed me and my checked bag (including the firearm) to continue to OAK. This entire situation was caused by an inexperienced or misinformed ticket agent. I properly declared my firearm to the Southwest airline ticket agent, the firearm was secured in a locked metal case in my checked baggage, packaged properly, unloaded and included extra safety with a tie wrap through the magazine and firing chamber. Incident details... TSA service request number - I was issued two different numbers for the same incident # (b)(6) and # (b)(6) Location - Phoenix Sky Harbor Airport (PHX), Terminal 4, T-4 lobby oversized pod Date - September 24, 2021 Name - (b)(6) - Specific Item - Firearm Glock 42 (380 Cal) Unknown names - Phoenix Police Officers, TSA agents and Southwest ticket counter agent. I transited the Seattle-Tacoma International Airport on a departing flight, and as a result passed through a TSA-staffed security checkpoint through a "Pre-Check" line. At the point at which my boarding pass and ID were checked by a uniformed TSA officer, that officer placed the photo page of my passport onto an electronic device that appeared to be a scanner. The scanner had both an electrical cord and an Ethernet network cord coming out of the back. Therefore, the electronic device was communicating some form of data with a network. The Particular Records I am requesting are any records that were created as a result of that scanning and communication.

I was accosted and assaulted by mainly five passenger (there were a few more). I tried to sit in the back, away from them but the attendant said it was taken. So I had to sit with the people. They began by banging hard on the back my seat, then they started to hit my head. The man behind me said that I needed to take off my hoodie. They said really degrading and racist things to me and every time that I went to sleep they attacked me. I told the flight attendants and they moved me to the front. I literally, tried to sleep through the abuse until it got violent. I took a photo and I recorded the abuse. They made me feel like I was the offender even after I reported it. I was moved to a new seat and tried to sleep again and I was repeatedly bothered by a man who said he was a captain. Then he threatened me with going to court. Two men seated behind me beat the back of my chair again while making racist jokes. I think they were employees. The police wanted my information. The flight attendants took the side of the five people and their witness. The police told me to request a refund or compensation but I wanted to get away from that staff. I'm distraught and heart broken that I was not allowed to sleep in a flight because someone was intimidated by my hoodie and was allowed to attack me. Tsa and the police took a report.
